"We just wanted to thank you for the tremendous job that you did on the video of our daughter's wedding.

It was not until we viewed the video that we appreciated your work. It was like reliving the day all over again...you seemed to work so much in the background that you went unnoticed at the wedding. Your video showed that you were in all of the right places at the right time.

As parents of the bride the wedding day was hectic for us and through your video we are able to enjoy that special day over and over."

"Thank you very much!"
